Lifestyle SCREENS

THE MOST VERSATILE GARAGE SCREEN ON THE PLANET

Turn your garage into an airy, pest-free space on demand!

Typically, the garage is the largest "room" in the house. Lifestyle Screens helps you get more use out of this valuable space!

Works great on carports, too!

Why choose Lifestyle?

There are a number of garage screen products on the market but none can compare to the durability and functionality of the Lifestyle Screen. Our frame is constructed of a 2" x 2" architectural grade aluminum with a baked on finish. The Lifestyle system runs on a maintenance free track system, independent but similar to your primary garage door tracks. The Lifestyle system is a fully spring loaded, counter-balanced system that makes raising and lowering nearly effortless. Lifestyle's optional door-within-a-door feature allows for easy entry and exit. When in use, the Lifestyle screen occupies the same position as your primary garage door. No other garage screen system offers Lifestyle's broad range of features and benefits. Bottom line is, your search for a garage screen system that will give you many years of trouble free service ends here. Lifestyle Screens is the only garage screen for you!
